**TELEPHONE STRIKE UNSETTLED**

**Portland "Hello" Girls Agree to Work While Settlement Is in Progress.**

Portland, Oct. 14.—The striking telephone girls have promised to work for two days while the difficulties with the companies are being adjusted, but at the end of that time the grievances must be settled and all the strikers retained in their positions.

At a meeting of the strikers yesterday, it was discovered that the company was importing new girls, during this two days' truce, and at the end of that time all the old girls would be discharged and their places filled by the new girls imported.

This phase of the question was hotly discussed and the entire body of strikers made demands that such a coup should not be made, or they would refuse to work an hour while the differences were being considered.

Miss Cooper, the service manager, who caused the strike in Spokane last winter, is the cause of the present trouble.

## CATTLE SHIPPING SEASON IS OVER

**OVER 3000 HEAD IN TWO WEEKS SHIPPED FROM HERE.**

With the arrival of 800 head at Heppner soon the shipments for the season of 1904 will practically close.—R. N. Stanfield Sends 700 Head to Feeding Lots on His Butter Creek Farm—Yakima Gets Many Feeders.

During the past fortnight at least 3000 head of cattle from ranges throughout Eastern Oregon have passed through Pendleton, en route to markets on the Sound or to winter feeding places in Walla Walla and Yakima counties. The animals intended for slaughter were shipped to Seattle, but most of the stock to be fattened were driven through to the feeding quarters.

R. N. Stanfield, of Stanfield Brothers' ranch, near Echo, last night sent out 100 head of fat steers to Seattle. Seven hundred head of cattle purchased by Mr. Stanfield from the "IZ" ranch in Grant county, were driven to the Stanfield ranges today.

"There will be no more cattle shipped from Pendleton this fall," said Mr. Stanfield this morning. "About 800 head are coming into Heppner shortly from the south and that will about wind up the fall business."

Last night he was taken in charge by the police for drunkenness and sentenced by the recorder to serve five days in the city jail.

Drink was the cause of Wa-Hetsie's trouble with Jensen. While intoxicated he struck the white man on the head with a rock and for a time faced a charge of assault with a dangerous weapon.

## ANNUAL SESSION WOMEN'S CLUBS

**Judge Lowell Addressed the Federation Meeting at Baker City.**

**SUBJECTS WORTHY OF CONSIDERATION DISCUSSED**

Meeting of the Clubs Will Recommend a State Reformatory for Girls—Oregon Has Provided for Her Incorrigible Boys But the Girls Are Cared for Mostly by Private Funds, or Not at All—Resolution Passed Asking for a Probation System for Convicts—Matter of Juvenile Courts Will Also Be Discussed.

The annual meeting of the Federation of Women's Clubs, in session at Baker City, will close today. Judge Stephen A. Lowell, of this city, returned home this morning from Baker, where yesterday he delivered an address before the convention.

"The general feeling is," said Judge Lowell, "that the meeting will result in much benefit to the state of Oregon. Resolutions that are worthy of serious consideration by the people of the state are to be passed today."

The federation desires that the state provide a reformatory for girls. The one for boys is the only public institution of the kind in Oregon. A resolution asking the legislature for convicts will be passed. The paroling of convicts in the state of Washington has demonstrated the practicability of such a move.

"I believe the matter of a juvenile court is to be discussed today. Judge Lowell spoke on the work of the state development league. The meetings at Baker are presided over by Mrs. T. T. Geer, wife of the former governor. Mrs. Samuel White, of Baker City, is secretary.

From Pendleton the following are in attendance: Mrs. Lee Moorhouse, Mrs. C. B. Wade, Mrs. R. Alexander, Mrs. Charles Coleworth, Mrs. E. T. Wade and Mrs. John Halley, Jr., all of whom are taking an active part in the proceedings.

## BLANOCK DISCUSSES PORTAGE ROAD

J. L. Blanock, of Walla Walla, is in town and met this afternoon at 4 o'clock with the Commercial Association and citizens in general to discuss the feasibility of Pendleton and Umatilla county extending a helping hand to the project of the portage canal.

Briefly, Mr. Blanock's plan represents the Open River Association simply, and through that association will ask the people east of the Dalles—all sections directly interested in the building of the portage canal, to contribute \$40,000 to hasten the work; to bring it to an immediate completion.

## WILL ASK FOR BETTER TRAIN SERVICE

A vigorous and combined effort will be made by residents of Helix and business men of Pendleton to secure a better train service on the W. & C. R.

During the wheat shipping season the train on that line is delayed so much that it is almost impossible to reach this city by way of the W. & C. R. in time to attend to any business before the departure of the train at 7 o'clock.

Repeated complaints reach this office every day, from farmers and residents of Helix, in regard to the train service. It is now decided that a request will be made to the officials of the W. & C. R. for a passenger train to

## LAMONT GETS THREE YEARS

**Ralph Ward Fined \$150 for Alleged Assault on Miles Kemler.**

**EDWIN R. STOKES IS ALSO GIVEN THREE YEARS.**

McDonald, who was charged with robbing Sones and Walker's Store at Helix, was acquitted—Ball of Ed Weston was declared forfeited because of his non-appearance for trial—Trial of Miles Kemler for killing valuable bulldog being heard this afternoon—Court term is a busy one.

Three years in the state penitentiary was the sentence imposed this morning by State Circuit Judge W. R. Ellis on George Lamont, found guilty of larceny by bailie. Edwin R. Stokes, convicted pickpocket, was given a like sentence. Ralph Ward, found guilty of assaulting Miles Kemler, was fined \$125.

Lamont defrauded C. W. Irvin, a confectioner, of \$700 on the grounds that he was going to use the money with which to buy machinery for the latter. Stokes took a purse containing \$250 from August Tanke, of Milton.

**McDonald Is Acquitted.**

William McDonald, a laboring man 50 years of age, was acquitted in the state circuit court yesterday afternoon of larceny from a store and was immediately set at liberty. The alleged crime for which McDonald was tried was the burglary of County Commissioner Horace Walker's hardware store at Helix. The place was broken into on the night of July 5 last, and several small articles taken.

McDonald was arrested immediately afterward and placed in the county jail. He was defended by Attorney Ben K. Davis. McDonald is a man of practically no means. Sheriff Taylor offered to allow him to sleep in jail last night, but the old man refused the offer with an emphatic shake of his head.

"I've had all of that I want," he said, "guess I'll sleep up town this evening. I'll be back after my property in the morning."

**Weston's Bail Forfeited.**

Five hundred dollars cash bail, deposited by E. H. Weston, convicted horse thief, awaiting action of the supreme court on notice of appeal, was declared forfeited in the state circuit court yesterday afternoon. Aside from the term in the Oregon state penitentiary that Weston must serve if captured, he also faces charges of horse stealing in Washington and a \$500 reward is offered for his arrest.

After his release on bonds, pending appeal, Weston was re-arrested near Pomeroy charged with stealing a horse. He assaulted the sheriff who had him in custody, and escaped. Since then he has been in hiding and the matter before the supreme court was dismissed.

**Damages for Killing Dog.**

Two hundred dollars damages for

the death of a white bulldog named "Jack," is what W. G. Sutherland is asking a jury in the state circuit court to award him. The defendant in the action is Miles Kemler, who is alleged to have killed the plaintiff's canine.

The jury was selected this morning and adjournment was taken until this afternoon. The case occupied the remainder of the afternoon session. Ben K. Davis represents the plaintiff. The defendant's attorneys are Bailey & Lowell.

Following are the jurymen in the action: Joseph Wurzer, J. C. Prichett, W. P. Leach, G. M. Morrison, J. O. Hales, H. Whittaker, J. Selvers, William Schrempff, L. Neff, Gus Schubert, F. A. Gordon and J. I. Joy.

## NO DAMAGE FROM WALTERS' DAM

**ALLEGED INJURIES TO BYERS' RACE NOT POSSIBLE.**

**Walters Has Had Repeated Surveys of River Bed Made to Determine Result of Backing Up the Water—An Abrupt Rise of Six Feet Must Be Made to Bring Water Up to Byers' Tail Race—Permanent Injunction Demanded by Mr. Byers.**

The simple defense that Fred Walters will offer to the complaint of W. S. Byers that the building of the wing dam will back water enough into the tail of the Byers' race to damage Mr. Byers' business, will be that it does not have that effect.

A temporary injunction was not called for, and the complaint, which demands a permanent injunction will be heard later on—no date is yet set for its hearing.

The defense and his counsel, H. J. Bean, aver that it will take a perpendicular rise of four feet above the crest of the dam to put backwater into the tail race, 800 feet up the river. The dam is four feet above bedrock, but two feet of gravel was excavated to put the foundation of the dam upon the bedrock. Further than this, the defense claims that the crest of the concrete wall is four feet below the bottom of the tail race. If these estimates are correct, then a six-foot raise will be necessary to affect the race.

Both parties have repeatedly surveyed the channel of the river, and have made elaborate estimates based on the levels thus found, and both are confident of sustaining their claims when the complaint for an injunction is heard.

Mr. Walters bought the water rights he now owns of J. Albert Cheate, who dug the lower race. It is said that Mr. Cheate caused exhaustive surveys of the river from the tail of the Byers' race to the foot of the island to be made, and ascertained practically the condition set forth above in defense of Mr. Walters' present contentions. Mr. Cheate sold out to Mr. Walters about five years ago.

**Geography in Malheur.**

They are telling a good story on an Ontario schoolman who found a lad in the geography class who was deeply interested in learning the points of the compass. The teacher said: "You have in front of you the north; on your right the east, and on the left the west. What have you behind you?" After a moment's reflection the boy exclaimed: "A patch on my pants." To make the information more emphatic, he continued in a shame-faced manner: "I knew you would see it. I told maw you would."
